RULES AND INSTRUCTIONS

- All applicants must complete the current 2019 Scholarship Application, and all required documentation must be submitted to the IADAC office by July 31, 2019. Submissions made using an outdated application form will not be considered and will be returned to applicant.
- Only children and grandchildren of regular IADAC members who hold a current California dealers license, retired dealers with 10 years of IADAC membership and lifetime members of IADAC -- who have a current minimum of two consecutive years of membership in IADAC -- are eligible.
- Incoming college freshmen, sophomores, juniors and seniors are eligible if attending at a junior college or an accredited four-year college. The maximum number of years that this scholarship will be awarded to any one student is four years.
- It is the nominee's responsibility to make all arrangements pertaining to college admission. Appropriate admission applications and entrance exams, such as the CEEB, SAT or ACT, may be required prior to admittance to the college or trade school of your choice. Applicants planning to attend a community college must select a program of study that is transferable to a four-year accredited college.
- The amount awarded will be determined by available funding released by the Master Trust. This scholarship will be awarded to the winning nominee(s) with an outstanding school and/or college record of achievement and evidence of excellent college aptitude. This scholarship may be awarded to students who also receive additional scholarship dollars, providing the total amount of scholarship dollars received does not exceed the cost of tuition, room and board for one year at the selected college.
- All decisions of the Trustees are final.
